

EMPOWERING INDIA'S ENERGY FUTURE

SECURE • SMART • SUSTAINABLE

6-7 August 2026 | Hotel Le-Meridien, New Delhi

SCAN TO REGISTER

Premier Show on Latest Technologies across all Energy
Sub-sectors and their Value Chains

CII International Energy Conference & Exhibition (IECE) aims to convene policymakers, industry, researchers, and innovators to explore scalable, sustainable solutions for India's energy transition.

IECE offers a collaborative platform for industry leaders and policymakers to deliver secure, smart, and sustainable outcomes by driving innovation, reinforcing clean energy value chains, and supporting India's net-zero ambitions.

**B2B meetings: IECE 2026 will provide networking platform for business meetings
from January 2026 till the event**

Key Themes

- » Solar / Wind / Battery Manufacturing
- » Storage
- » Transmission
- » Artificial Intelligence
- » State Policies
- » FDI
- » Hydropower
- » Bioenergy
- » Nuclear
- » Thermal
- » Offshore / Onshore Policies
- » Green Hydrogen
- » Future Mobility
- » Smart Cities
- » Logistics
- » Finance
- » Smart Metering
- » Distribution
