

# EMPOWERING INDIA'S ENERGY FUTURE

SECURE • SMART • SUSTAINABLE

6-7 August 2026 | Hotel Le-Meridien, New Delhi

SCAN TO REGISTER

Premier Show on Latest Technologies across all Energy Sub-sectors and their Value Chains

CII International Energy Conference & Exhibition (IECE) aims to convene policymakers, industry, researchers, and innovators to explore scalable, sustainable solutions for India's energy transition.

IECE offers a collaborative platform for industry leaders and policymakers to deliver secure, smart, and sustainable outcomes by driving innovation, reinforcing clean energy value chains, and supporting India's net-zero ambitions.

**B2B meetings: IECE 2026 will provide networking platform for business meetings from January 2026 till the event**

## Participants

The event will attract a diverse mix of stakeholders including:

### Industry Leaders

Executives from renewable energy, finance, and technology sectors

### Government Officials

Policymakers from national and sub-national levels focusing on energy, environment, and infrastructure

### Academia

Researchers and thought leaders contributing to the clean energy discourse

### Next-Generation

Leaders Stakeholders like startups, early-stage clean tech companies, and youth leaders who are key drivers of the future of energy

### Civil Society Organizations

Environmental advocates, energy access groups, and community organizations

## Last Edition Highlights

Participation of more than **1,000** delegates
