

# EMPOWERING INDIA'S ENERGY FUTURE

SECURE • SMART • SUSTAINABLE

6-7 August 2026 | Hotel Le-Meridien, New Delhi

SCAN TO REGISTER

Premier Show on Latest Technologies across all Energy  
Sub-sectors and their Value Chains

CII International Energy Conference & Exhibition (IECE) aims to convene policymakers, industry, researchers, and innovators to explore scalable, sustainable solutions for India's energy transition.

IECE offers a collaborative platform for industry leaders and policymakers to deliver secure, smart, and sustainable outcomes by driving innovation, reinforcing clean energy value chains, and supporting India's net-zero ambitions.

**B2B meetings: IECE 2026 will provide networking platform for business meetings  
from January 2026 till the event**

## Participants

The event will attract a diverse mix of stakeholders including:

### Industry Leaders

Executives from renewable energy, finance, and technology sectors
